We are Magenta

Magenta Telekom is a leading provider of internet, mobile communications, entertainment and business solutions in Austria. The company counts around 2,200 employees and is part of the Deutsche Telekom Group.

Your Team

Our team operates at the intersection of business, technology, and customer experience. We design and deliver solutions that connect backend systems with intuitive customer journeys across channels, ensuring that customers can interact with Magenta in a seamless and consistent way — whether online, in retail, or through other sales channels.

- Design and evolve scalable, secure, and high-performing solution architectures for the e-commerce platform, ensuring alignment with business objectives and enterprise architecture standards
- Collaborate with Product Owners, Solution Designers, and engineering teams to translate business needs into robust end-to-end technical solutions
- Define integration strategies and architecture patterns for seamless connectivity across customer-facing channels and backend systems
- Guide technical implementation, review architecture decisions, and ensure high standards for code quality, performance, and maintainability
- Leverage AI-supported tools and emerging technologies to enhance system design, engineering productivity, and platform capabilities
- Promote modern engineering practices, including Agile, DevOps, and automation, to drive platform reliability, scalability, and innovation

- Do you have 5–10 years of IT experience with a focus on Software Engineering or Solutions Architecture, including proven ability to architect and implement cloud-native applications using AWS?
- Are you proficient in at least one modern programming language (Java preferred) and familiar with modern software architecture patterns (microservices, event-driven, serverless)?
- Do you have strong experience with Agile delivery, CI/CD pipelines, and DevOps practices?
- Are you a creative problem-solver with excellent communication and stakeholder management skills, able to work effectively in complex and dynamic environments?

At Magenta, we believe in diverse employees and live equal opportunities. We welcome all applications regardless of cultural and social background, age, gender, nationality, religion, disability or sexual orientation. Magenta connects all people.
