We are Magenta

Magenta Telekom is a leading provider of internet, mobile communications, entertainment and business solutions in Austria. The company counts around 2,200 employees and is part of the Deutsche Telekom Group.

Your Team

The team's goal is to inspire our B2B customers in all segments as well as our employees through simple, digital customer journeys, seamlessly across all channels and across our entire B2B portfolio – from standardised core products to core ICT solutions.

- Design, build, and maintain IT environments for development, testing, and production
 - Define and implement monitoring metrics to ensure system health and performance
 - Create and manage PSAs and PSIs
 - Monitor and ensure the quality and reliability of systems provided by the team
 - Drive and deliver solutions for complex technical challenges
-
- You are experienced in software engineering (preferred Java), database development, quality management and system integration?
 - You are familiar with DevOps principles, tools, and workflows as well as with IT security guidelines?
 - Do you have a team-player mindset, a service-oriented attitude, an independent and responsible way of working, and strong analytical thinking skills?

At Magenta, we believe in diverse employees and live equal opportunities. We welcome all applications regardless of cultural and social background, age, gender, nationality, religion,

disability or sexual orientation. Magenta connects all people.
