

## Solution Architect (f/m/d) - Fiber WholeX

Vienna | asap | full-time | unlimited

### **We are Magenta**

Magenta Telekom is a leading provider of internet, mobile communications, entertainment and business solutions in Austria. The company counts around 2,200 employees and is part of the Deutsche Telekom Group.

### **Your Team**

At Magenta, we're committed to delivering top-tier service and seamless experiences to our customers. To support this, we're looking for a skilled and hands-on Solutions Architect to help optimize and evolve our IT Fiber infrastructure.

In this role, you'll support business discussions and design practical, scalable solutions. Your expertise will drive architectural decisions and contribute directly to successful fiber implementations and software development efforts.

You will work on strategic, business-critical solutions while still being close to the code. Together with the team, you can bring your ideas, prototype new approaches, and influence our customer and technical direction.

- Define and coordinate IT processes and the required IT architecture
- Analyze technical requirements, make architectural decisions, and create feasibility analyses
- Harmonize the architecture, and create and maintain architecture documentation
- Evaluate new technologies and act as a contact point for the development and OPS teams
- Collaborate deeply: Work closely with product owners, engineers, and stakeholders to understand challenges, refine requirements, and design pragmatic solutions
- Innovate continuously: Stay curious, evaluate new technologies, and experiment with tools that could push our technology stack forward

- Do you have 7+ years of experience in software engineering and/or software architecture? You may already be an architect, or you're a senior engineer ready to step up. This is your chance to transition from senior engineer to architect, with mentoring and support.
- Do you have strong SQL knowledge (Oracle, PostgreSQL) and, ideally, are you familiar with telecommunications processes?
- Do you have strong communication skills, and are you ready to take end-to-end responsibility for the technical lifecycle?
- Do you have experience with agile delivery models and collaborative ways of working?

At Magenta, we believe in diverse employees and live equal opportunities. We welcome all applications regardless of cultural and social background, age, gender, nationality, religion, disability or sexual orientation. Magenta connects all people.

„Kunde ist König“  
ist unser  
Versprechen.

Wir wollen  
gemeinsam  
gewinnen.

Du kannst  
dich auf mich  
verlassen.

Wir dürfen das  
und machen's  
einfach.

Kein Bullshit Bingo -  
wir sagen was  
Sache ist.

Wir nehmen's  
mit  
Humor.
