Solution Architect (f/m/d) – BSS & Digital Solutions

Vienna | asap | fulltime | unlimited

We are Magenta

Magenta Telekom is a leading provider of internet, mobile communications, entertainment and business solutions in Austria. The company counts around 2,200 employees and is part of the Deutsche Telekom Group.

Your Team

We are Magenta. The ultimate promise for Austria's digital future. You will be part of an Agile (Tribe) organization and teams which shape and realize future-proof and sustainable digital solutions for our B2B customers. The goal of the Tribe is providing high quality products and services and acquiring the best valued B2B Customers.

We are seeking a hands-on Solution Architect with deep Telco BSS experience, who is passionate about building state-of-the-art architecture while still willing to dive deep into details when required. Experience in workflow engine and AI-led architecture are highly sought for.

- Proactively transform complex and monolithic architecture to lean microservice-oriented architecture. In this regard, to achieve simplification in B2B journeys
- Define high-level solution components, integration patterns and technology stacks
- Manage the lifecycle of clusters of applications and avoid technical debts
- With Enterprise Architecture, jointly shape long-term strategic direction of the target B2B BSS architecture and in parallel execute legacy retirement plan
- Integrate AI framework into solution architecture to achieve optimum business impact and operational excellence
- Assess and include non-functional elements (security, performance, scalability, availability, observability) in Architecture design
- Develop & execute strategy for the rehosting/reengineering of applications to realize target architecture on cloud-based infrastructure

- Evaluate existing and emerging technologies on a regular basis to ensure future-proof and sustainable solutions in achieving business outcomes
- Do you have 7+ years of experience in software engineering and/or software architecture, including hands-on work with programming languages, operating systems, and databases?
- Do you have solid experience in the Telco B2B domain and a good understanding of its technological landscape?
- Are you experienced in technology leadership, particularly in large-scale BSS transformation programs involving complex integrations and service-oriented architectures?
- Do you bring strong technology acumen in SaaS integration and workflow engines, such as BPM technologies (e.g., Camunda)?
- Do you have hands-on experience with AI technologies, including working with AI frameworks and implementing use cases?
- Do you excel in communication and stakeholder management, with the ability to explain complex topics and align stakeholders on problems and solutions?

At Magenta, we believe in diverse employees and live equal opportunities. We welcome all applications regardless of cultural and social background, age, gender, nationality, religion, disability or sexual orientation. Magenta connects all people.

„Kunde ist König“
