Senior IP Network Engineer (f/m/d)

Vienna | asap | Fulltime | unlimited

We are Magenta

Magenta Telekom is a leading provider of internet, mobile communications, entertainment and business solutions in Austria. The company counts around 2,200 employees and is part of the Deutsche Telekom Group.

Your Team

Our team defines the design and development strategy for IP/MPLS/SR core and IP data center networks, including IP automation. We are responsible for platform lifecycle management and the evolution of a unified IP core network that ensures high availability, performance, and service quality for fixed and mobile services, in close collaboration with internal and external partners.

- Create design and development strategies of IP networks in coordination with IP core, IP access, IP data center, Mobile Backhaul, firewall and IP automation platforms
- Perform feasibility studies as well as impact analyses for new services and customer projects
- Take over project management for small to medium-sized projects and act as 3rd level support for IP operations

- You have several years of professional experience in a similar position and have completed a technical education?
- You have very good knowledge in the areas of IP/MPLS/SR & ethernet platforms as well as routing & switching and data center?
- You have experience in network planning and network automation?

At Magenta, we believe in diverse employees and live equal opportunities. We welcome all

applications regardless of cultural and social background, age, gender, nationality, religion, disability or sexual orientation. Magenta connects all people.
